Synopsis

Multiplying disciples through Business as Missions.

This webinar seeks to help build a business missional community, making Jesus known in the marketplace.

It rediscovers the sacred missions entrusted to the businesspeople, long lost in the singular pursuit of money as the sole reason for business. God has a much bigger plan than mere profits -for the glory of His name and for the salvation of mankind.

The marketplace is where the lost are found and awaits rescue from eternal condemnation. The love of Christ compels the Christian business community to be the bearers of Good News. And to be the salt and light in the dark world of business in the marketplace.

This webinar is primarily intended for Pastors, as Overseers & Shepherd Leaders to catch the divine vision and embrace the mandate to equip, train, affirm, empower & mobilise businesspeople to win the lost for Christ in the marketplace. This webinar is equally useful to church and business leaders & marketplace professionals.

Ephesian 4:11-12 "And he Gave some as apostles, and some as prophets, and some as evangelists, and some as pastors and teachers for the equipping of the saints for works of service..."
