

HOPE GROUP 2024

Cancer patients, survivors and caregivers are often overwhelmed. But, you don't have to journey alone. CEFC HOPE Group is a community that offers mutual support, prayers and encouragement that will strengthen your faith, build friendships and help you find hope in your cancer journey. HOPE Group is open to Covenanters and their friends.

Meaningful Conversations for Tough Times

Our Hope Group this Season will address some topics in our cancer journey that we avoid: Pain, Suffering and Dying. These can be tough conversations for most people. Our series of teachings will explore the biblical aspects of these topics. Our participants who are cancer patients, survivors and care givers will discover again God's faithfulness and love in their struggles and trials. Through sharing personal stories and testimonies, participants can build resilience, fortitude and a deep appreciation of God's presence in their cancer journeys.
