

CNY Outreach

*The red packets are meant as a gift for your *FRANS to use. But if it is not applicable, ie. FRANS does not give them out, then give your FRANS as a seasonal blessing.*

IT SUPPORTS OUR WORK AS AMBASSADORS OF CHRIST

God's mission for us is to reconcile all people to Himself and to one another (2 Cor 5:18–20). This reconciliation leads to the abundant life that Jesus came to give (Jn 10:10).

This mission belongs to God. He graciously invites us to be ambassadors for His mission. We believe that God is already at work in the lives of our FRANS. An important posture to remember is that they are not projects to be saved, but people to be loved.

FROM HEAVY BURDEN TO LIGHT YOKE

Evangelism is not meant to be a heavy burden. The pressure to preach the gospel can be overwhelming to the point that we do nothing about it. Jesus invites us instead to walk with Him. Through the Spirit, Jesus guides and leads us.

Giving out red packets as a spiritual practice is simple and intentional.

1. Begin with prayer. Ask God to impress one person on your heart.
2. Bless that person with red packet. This is a tangible expression of care.
3. Stay attentive. Continue to discern opportunities to bless and deepen our relationship with them.
